Thank you for sending your child to visit us at our Kingdom Builders program this morning! We love welcoming new friends as we learn more about Jesus and God's great plan for our lives. It is our goal to learn to let our light shine for God's glory in our church, our homes, our schools and our communities. Feel free to join us for more Kingdom Builders or any of the other programming that we offer as detailed inside. Let your light SHINE!

As followers of Jesus Christ, Faith Church gathers to trace out how Jesus, who came full of **grace and truth**, transforms us to be more like Him. Each week we offer our lives to Him in worship and joyful obedience as we desire to be a community marked by this grace and truth. We desire to be marked by **Grace** that provides a warm and loving welcome knowing this is what we have received in Christ. A place where the sinner hears of forgiveness, the brokenhearted are cared for, and the weary can find a place to rest. We desire to be marked by **Truth** that points everyone to a deeper and richer life in Christ as we discover God's way in the Bible. We desire to let the Holy Spirit plant these life giving words about Jesus into our hearts. We are a community in the making; our desired goal is one of **grace and truth**, but we recognize we are not there yet. Each day is a new opportunity to learn them both more fully. Each day is a new opportunity to practice them more faithfully. This is what we desire and would love to have you join us as we seek the God of grace and truth together.
